

Summer is here!

ADDRESSING THE NEEDS OF HOMEOWNERS AND FAMILIES IS
OUR PRIORITY

Did you hear?

Mariani Landscape is the first landscape company in the world to be approved to the ISO 9001 Quality Standard.

Mariani has always been a company committed to the highest quality of output in everything from our work product to our internal processes.

The milestone of ISO 9001 registration signifies Mariani Landscape's continuing journey towards world class excellence.

International
Organization for
Standardization

It is hard to believe that we are about to celebrate our country's independence. It has been a rollercoaster ride throughout this spring and early summer. That being said with all the moisture in the ground and as the temperatures rise, we are going to experience a flush of growth from the turf to the trees.

We are currently in the process of pruning the smaller trees, shrubs, and perennials throughout Glenmore Woods. Our mid-season pruning shall continue through July. We have been fighting the ever so popular dandelion amongst other prevalent broadleaf weeds and have been able to keep them at bay. Our first two fertilizer applications are completed and now we are entering the summer months where we will continue our weekly tasks of:

- | | | |
|--|------------------------------|-----------------------------|
| Mowing | Weeding | Policing of Trash |
| Line Trimming | Cultivation of Beds
Cover | Trimming of Ground
Cover |
| Blowing off Hardscapes | | Spot spraying weeds |
| Supplimental Pruning of ornamentals, shrubs, and trees under 15 feet | | |

Additional services we can provide:

- Hardscapes
- Lighting
- Water Features
- Gardens
- Above ground bedding irrigation on timers
 - Paths
- Retaining Walls
- New Plantings
 - Design
 - Pots
- Annual Rotation
- Mulching
- Drainage
